

Understanding the Registry

Create a New Caregiver – Seasonal Residents

Caregivers can be added to the Medical Marijuana Use Registry to a patient's profile, even if that caregiver is already an existing patient in the Registry. On the occasion that your patient and their caregiver share a single email address, the email address should **only** be added to the caregiver's profile.

Step 1: Log into the Medical Marijuana Use Registry <https://mmuregistry.flhealth.gov/>.

If you do not remember your password, you may reset it yourself by selecting [Forgot Password](#) on the Login page. For step-by-step instructions to reset your password, see our [Resetting My Password](#) guide on our Know the Facts MMJ page (<https://knowthefactsmmj.com/registry/#instructional-guides>).

Step 2: Navigate to the "Patient Management" menu option at the top of the page and click on "My Patients."

Step 3: Select the patient who will have the caregiver.

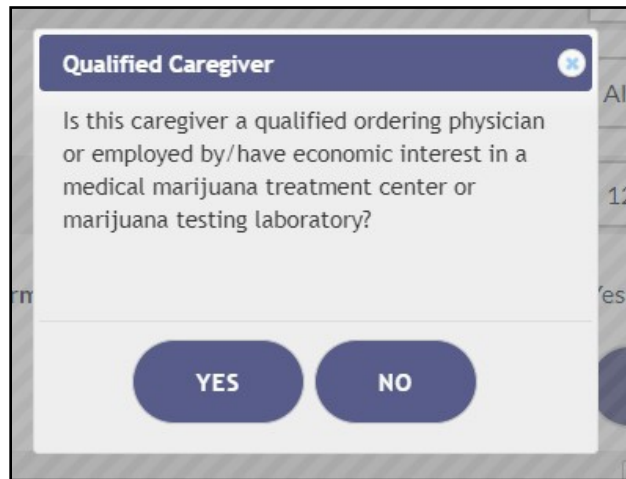

Step 4: Click "Edit Demographics."

Step 5: Next to "Add Caregiver," click "Add New."

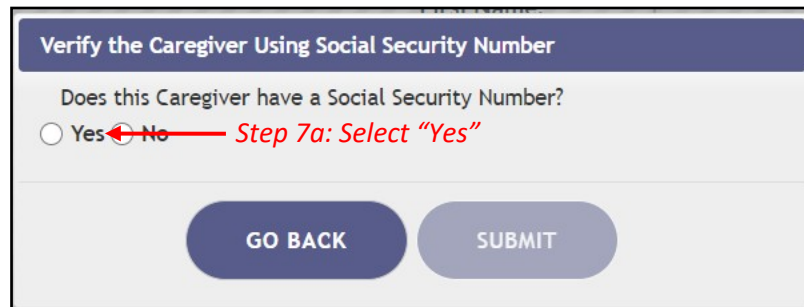

Step 6: Respond “Yes” or “No” to whether the caregiver is a qualified ordering physician or employed by/has economic interest in a medical marijuana treatment center or marijuana testing laboratory.

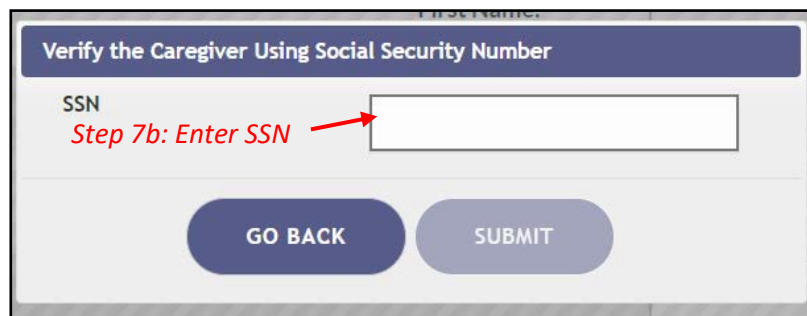

The screenshot shows a dialog box titled "Qualified Caregiver" with a close button in the top right corner. The text inside asks: "Is this caregiver a qualified ordering physician or employed by/have economic interest in a medical marijuana treatment center or marijuana testing laboratory?". At the bottom, there are two buttons: "YES" and "NO".

Step 7a: Select “Yes” if the caregiver has a Social Security Number (SSN).

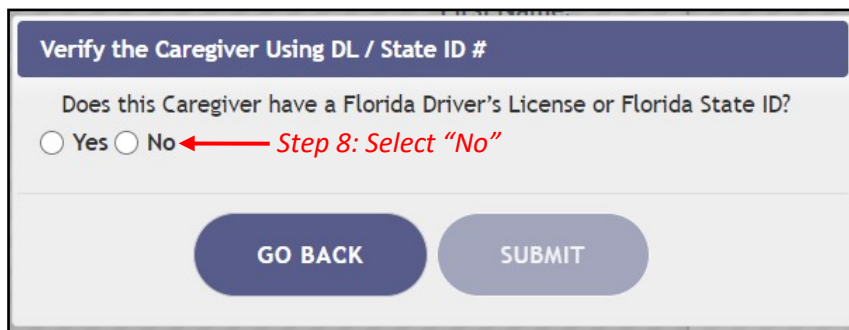

The screenshot shows a dialog box titled "Verify the Caregiver Using Social Security Number". The text asks: "Does this Caregiver have a Social Security Number?". There are two radio buttons: "Yes" and "No". A red arrow points from the text "Step 7a: Select 'Yes'" to the "Yes" radio button. At the bottom, there are two buttons: "GO BACK" and "SUBMIT".

Step 7b: Enter the caregiver’s SSN. Do **not** include dashes or spaces.

The screenshot shows the same dialog box as in Step 7a. Below the question, there is a text input field labeled "SSN". A red arrow points from the text "Step 7b: Enter SSN" to the input field. At the bottom, there are two buttons: "GO BACK" and "SUBMIT".

Step 8: Select “No” if the caregiver does not have a Florida Driver's License or Florida State Identification (ID) Card.

The screenshot shows a dialog box titled "Verify the Caregiver Using DL / State ID #". The text asks: "Does this Caregiver have a Florida Driver's License or Florida State ID?". There are two radio buttons: "Yes" and "No". A red arrow points from the text "Step 8: Select 'No'" to the "No" radio button. At the bottom, there are two buttons: "GO BACK" and "SUBMIT".

Step 9: Enter the caregiver's date of birth (DOB).

SUPPLY MANUALLY

Step 10: Click "SUPPLY MANUALLY"

Step 11*: Enter all of the caregiver's information.

**Be accurate while entering the caregiver's information. A misspelled name, incorrect DOB, SSN, email, or address will delay the caregiver's ability to obtain products, an OMMU ID Card, or possibly cause an issue should they encounter law enforcement while in legal possession of products.*

Step 12: Click "Save."

GO BACK TO PATIENT SAVE

Step 11: Fill in all caregiver information accurately

*Supply SSN if the patient is a US Citizen. Supply non-US passport # if the patient is not a US Citizen

Select "No"

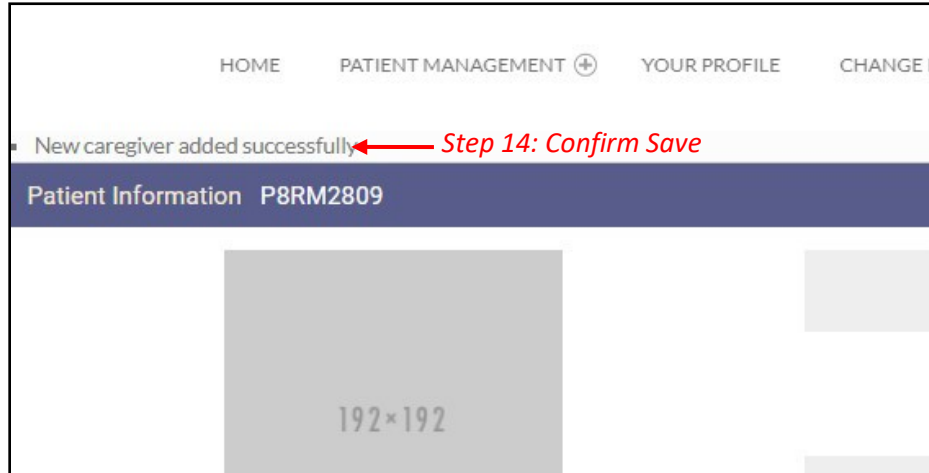

Select "Yes"

Click "SAVE"

Step 13: Confirm the caregiver's information has been entered correctly.

Step 14: Ensure the confirmation message indicates the caregiver was successfully added.

Important note: *If the caregiver is an existing patient, the caregiver profile and the caregiver's patient profile will be automatically linked. This means that when the caregiver logs into the Medical Marijuana Use Registry, he/she will need to take the mandated Caregiver Quiz. The caregiver will have access to their patient profile/application, their caregiver profile/application, and the profile/application for whom they are a caregiver.*
