

Understanding the Registry

Understanding Patient Orders

Step 1: Log into the Medical Marijuana Use Registry, MMURegistry.FLHealth.gov.

**If you do not remember your password, learn how to reset it by [clicking here](#).*

Step 2: Click “People Search” at the top of the page.

Step 3: You may search for the patient by various methods. Click the method you would like to search by. Clicking “Search” will bring you to the patient’s profile page.

Step 4: Click “Show Order History” to view a patient’s order history. The view of the patient’s orders will appear on the right-hand side of the page.

The screenshot shows a patient profile interface. At the top, there is a 'Patient ID:' label and a placeholder for a patient photo. Below this is a 'Card #' label and a corresponding input field. A red arrow points from the text 'Click “Show Order History.”' to the 'Show Order History' button, which is highlighted with a red border. To the right of this button are two other buttons: 'Show Open Order Details' and 'Show Dispensable Amounts'. Below the buttons, there is a section for 'Current Physician' with two rows of questions and answers: 'Is this person a Florida Resident?' (No) and 'Is this person a Seasonal Resident?' (Yes). Below this is a 'Caregiver(s)' section with the question 'Patient is authorized to have more than one caregiver per 381.986, F.S.?' (Yes). The 'Patient Status' section follows, listing five items with green checkmarks and 'Yes' answers: 'Low-THC Products', 'Medical Marijuana Products', 'Marijuana for Smoking', 'Delivery Devices', and 'Carries Valid OMMU Card'. Each item has a 'Dispense' button to its right. The 'Demographics' section at the bottom lists 'Primary Phone', 'Email Address', 'Date of Birth', 'Patient Weight', and 'Gender'.

Each order shows you:

- Order status: Orders are listed as Open, Scheduled, Expired, Completed, or Cancelled.
 - Open: Orders from which you can currently dispense medical marijuana.
 - Scheduled: Orders that will become Open at a later date.
 - Expired: Orders that are past the end date, but not all dispensations were made.
 - Completed: all dispensations have been made from that Order.
 - Cancelled: the patient’s physician has cancelled the Order.
- Order Type: Shows type of marijuana recommended by the patient’s physician.
- Start dates: The date the Order is open or scheduled to open.
- Placed by: The name of the physician who placed the Order. *Clicking the physician’s name will take you to the physician’s profile page.*
- Purchase Device: Shows if you can dispense a delivery device or not. This is decided by the patient’s physician.
- Days: The number of days the Order is open.
- End Date: The date the Order will expire.

Step 5: Click the '+' button to expand the details of each order.

Once the order has been expanded you will find:

- The route(s) the physician has recommended for the patient to use/take for that type.
- Total Amount Ordered: The total milligrams on the Order.
- Mg Per Day: The total number of milligrams per day the physician recommends.
- Note: Notes from the physician for the patient or the MMTC.
- Dispensable Amount: Amount remaining available for dispensations.
- Details on all items that have been dispensed from an MMTC.
