Patient Count: 46,952

Ordering Physician Count: 1,066

Medical Marijuana Treatment Centers: Approved medical marijuana treatment centers are the only businesses allowed to grow, process, or sell medical marijuana in Florida. Each medical marijuana treatment center must receive authorization at three stages, (1) cultivation authorization, (2) processing authorization, and (3) dispensing authorization, prior to dispensing low-THC or medical marijuana. Currently, six of the 12 medical marijuana treatment centers have received dispensing authorization and are authorized to deliver statewide. Aside from patients or their caregivers, medical marijuana treatment center employees are the only individuals allowed to transport medical marijuana. Medical marijuana cannot be mailed.

Department of Health Approved Medical Marijuana Treatment Centers

Name	Authorization Stage	Locations
Trulieve	(3) dispensing	Tallahassee, Tampa, Clearwater, Pensacola, Miami, Edgewater, Lady Lake, Jacksonville, St. Petersburg, Bradenton, delivery

The Medical Marijuana Use Registry: All orders for medical marijuana are recorded and dispensed via the Medical Marijuana Use Registry. The Medical Marijuana Use Registry is accessible online, with real time information to ordering physicians, law enforcement and medical marijuana treatment center staff. Patients and caregivers may also access the Medical Marijuana Use Registry to submit a Medical Marijuana Use Registry Identification Card application, and check the status of their application.

Restrictions for Use & Administration: Section 381.986, Florida Statutes, prohibits patients from smoking low-THC cannabis or medical marijuana. This means that patients should not have whole flower as part of their order. Florida law does not allow for home grow of low-THC cannabis or medical marijuana.

For More Information: If you have questions related to medical marijuana regulations, please reach out to the Office of Medical Marijuana Use at 850-245-4657 and visit www.flhealth.gov/ommu
