

August 10, 2018

The Florida Department of Health (DOH) continues to focus on the health and safety of Florida's families and is dedicated to ensuring patients have safe access to low-THC cannabis and medical marijuana. We are pleased to provide this weekly update on the DOH Office of Medical Marijuana Use's (OMMU) diligent work implementing the many requirements in Amendment 2 and those set by the Florida Legislature in section 381.986, F.S. (2018).

## Legal Updates

*The implementation of Amendment 2 and section 381.986, F.S. (2018) continues to be frequently litigated. While some of these lawsuits have little impact on our progress, others – particularly those regarding the constitutionality of the law we are tasked with executing – have significant impact on DOH’s ability to implement certain requirements of section 381.986, F.S. (2018).*

Home Grow	Redner v. DOH, et. al., 13th Judicial Circuit Case No. 17-CA-5677 <i>Court of Appeal reinstated the stay and noted that Redner was unlikely to succeed on the merits of the case. Redner appealed to the Florida Supreme court by filing a Petition to Invoke “All Writs” Jurisdiction. Florida Supreme Court issued an Order denying the petition to invoke all writs jurisdiction on May 25.</i>
Smoking Ban	People United for Medical Marijuana v. DOH, et. al., 2d Judicial Circuit Case No. 2017-CA-1394 <i>Court of Appeal reinstated the stay and noted that Plaintiffs were unlikely</i>

	<i>to succeed on the merits of the case. The lower court's order is not currently in effect.</i>

## General Background Information

**Medical Marijuana ID Card Application Process:** Once a patient has been diagnosed by a qualified ordering physician and entered into the Medical Marijuana Use Registry, they can immediately begin the identification card application process. The department encourages applicants to complete the process online as this decreases processing time. Patients receive an email from OMMU once their email is added to the registry by their qualified ordering physician which directs them to the application. Once an application is reviewed and approved, patients receive an approval email which can be used to fill an order at an approved MMTC while they await their physical card.

**Medical Marijuana Use Registry:** All orders for medical marijuana are recorded and dispensed via the Medical Marijuana Use Registry. The Medical Marijuana Use Registry is accessible online, with real time information to ordering physicians, law enforcement and medical marijuana treatment center staff. Patients and caregivers may also access the Medical Marijuana Use Registry to submit a Medical Marijuana Use Registry Identification Card application, and check the status of their application.

**Medical Marijuana Treatment Centers:** Approved medical marijuana treatment centers are the only businesses allowed to grow, process, or sell medical marijuana in Florida. Each medical marijuana treatment center must receive authorization at three stages, (1) cultivation authorization, (2) processing authorization, and (3) dispensing authorization, prior to dispensing low-THC cannabis or medical marijuana. Medical marijuana cannot be mailed.
